

ESGO

**Robotic Surgery Course
in Gynaecological Oncology**

SERGS

27 – 29th JUNE, 2018 - STRASBOURG, FRANCE

LEARN FROM THE BEST

STRASBOURG, FRANCE

2018

Faculty: Prof Pauline Wimberger , Prof Rainer Kimmig , Prof Jordi Ponce , Prof Vanna Zanagnolo , Assoc Prof Henrik Falconer 

DAY 1 (WEDNESDAY) 27th JUNE, 2018

08:30 Welcome / Introduction – Program Overview / Course Objectives

09:00 Current state of MIS in Europe 

09:30 Patient selection and port placement in advanced robotic surgery

Patient selection 

Port placement and patient positioning for Si 

Port placement and patient positioning and new instruments for Xi 

10:15 Break

10:45 Step by step:

Index procedure Pelvic LND 

Index procedure Aortic LND 

11:45 Specific conditions in advanced robotic surgery 

Obesity

Previous surgery

12:15 Tips, Tricks, and Pearls

Uterine Manipulators 

Use of ICG (SLN) 

Managing obstructing bowels. Adherence syndrome 

13:00 Lunch

14:00 Management of intraoperative complications 

Venous and arterial haemorrhage 

Ureter, bladder and nerve injuries 

Bowel injuries 

15:00 Dry Lab

Docking and Port Placement for Si and Xi 

Xi Demonstration 

17:00 Discussion, Q&A

DAY 2 (THURSDAY) 28th JUNE, 2018

08:00

Career Impact of Robotics and Setting up for Success HF

Running an efficient OR HF

What constitutes advanced procedures? RK

Sentinel lymph node detection RK

Nerve-sparing techniques RK

10:00 Wet Lab (Animal Model)

Port Placement

Docking

3rd Arm Utilization

Advanced Energy Use

Pelvic Lymph Node Dissection

Complications & Management (bleeding, suturing)

Troubleshooting

13:00 Lunch

14:00 Wet Lab continued

14:00 "PARALLEL SESSION" with video demonstration HF RK JP

16:00 Discussion, Q&A

17:00 Adjourn

Centers: Essen (Germany), Milan (Italy)
4 trainees/center, Friday 29th

DAY 3 (FRIDAY) 29th JUNE, 2018

08:00 Live surgery

Simple Hysterectomy

Pelvic Lymphadenectomy

Aortic Lymphadenectomy

Radical Hysterectomy

Case mix depends on availability at the participating centres

**NEW INSIGHTS IN RARE
GYNAECOLOGICAL MALIGNANCIES**

OCTOBER 4-6, 2018 | LYON, FRANCE

State of the Art Conference 2018
